TA-312A/PT FIELD TELEPHONE SET

It is a two wire battery operated Field Telephone Set, used as a point to point voice frequency (VF) wire communication link or in any two wire ring-down subscriber position of a telephone communications system. It has 3 Modes of Operation: Local Battery (LB) and Common Battery (CB) Manual Telephone or as LB Telephone with CB signaling (CBS). The Optional Tone Signaling Adapter (TA-955/PT) is available, to enable interfacing the TA-312A/PT with automatic tactical Switchboards. The Tone Signaling Adapter readily attaches to the TA-312A/PT, with no modifications required to the telephone.

- MANUFACTURED TO U.S. MILITARY STANDARDS
- 3 OPERATIONAL MODES
- RUGGEDIZED – WATERPROOF
- CONTROLS REMOTELY OPERATED RADIO LINKS
- BUILT IN H-60/PT HANDSET
- SOUND POWERED FOR EMERGENCY OPERATION
